

DOUBLE DUTY DVD DRIVE!

# Que! DVDBurner+RW™

External FireWire DVD+RW, CD-R, CD-RW Drive

## Create Your Own DVDs and CDs!

The Que! FireWire DVDBurner+RW will revolutionize the way you store data! Write DVD+RW, CD-R, and CD-RW disk in this versatile new drive and your newly created discs will be the most compatible, most useful, and most amazing things you've ever created! The DVDBurner+RW drive gives you true random access editing power to your digital content on DVD media. Versatile DVD+RW media is re-writable up to 1000 times and has a 100 year shelf life.

Incredible accuracy! New "Loss less linking" is an extremely accurate writing technology that reduces errors in disc writing and retains more usable disc space than ever before. With new quick formatting features you can start writing discs immediately and format in the background. Write DVD+RW discs to create your own DVD movies playable in most computer DVD-ROMs and set-top DVD players. The included MPEG-2 encoding software allows you to create high quality DVD discs with full audio tracks to rival off the shelf Hollywood-style DVDs. With the ability to write 4.38GB of data (over 2 hours of video), DVD+RW discs are an extremely affordable and versatile storage media for video authoring, data and image archiving, and much more.

The Que! DVDBurner+RW also writes to industry standard DVD+RW discs giving you the power to handle those huge back-up jobs, archive data, and use DVD+RW as a scratch disk so can experiment and author different edits of your favorite projects. Store large works in progress and write them to the same discs over and over again.

The Que! DVDBurner+RW is shipped with MedioStream NeoDVD standard authoring software for PC which DVD writing capabilities you need to produce top quality data and video DVDs every time! We also include Neo BurningRom software for CD-R and CD-RW recording, which supports MP3 pro format and DVD recording, and Nero InCD for packetwriting capabilities

If you've been waiting for the future, your time has come! x
