

Philips DVD Recorder... the Best Choice!

Philips DVD Recorders always make recordings compatible with the DVD video standard, using a combination of several major technologies resulting in outstanding picture quality recording and ease of use.

It is the only recorder which:

1. Always makes compatible* DVD discs
2. Can make (rewritable) recordings **longer than 2 hours** (up to 4 hours) in perfect picture quality (better than VHS)
3. **Uses ONE disc** for all recording types. No confusion with differently recorded discs like compatible and non-compatible discs or finalised and non-finalised discs.
4. Has a helpful **overview with images / titles on the disc** (Index Picture Screen). This is an index of nice snap shots of every recording which provides quick access when playing the disc in DVD Players and DVD Recorders.
5. **Always** uses the **Variable Bite Rate technology** for unbeatable picture quality of compatible recordings.
6. Play in other DVD Players **without finalising** (normally finalising takes up 5 -15 minutes after recording)
7. Gives the consumer **convenience and ease of use** to create picture perfect recordings, no expertise needed!

* Compatible discs *play on most existing DVD players*

Product Highlights

• Two-way compatibility

The Philips DVDVideo Recorder plays your existing library of pre-recorded DVD and CD discs, while the DVD discs you record play on existing DVDVideo players.

• Naked disc

With a Philips DVDVideo Recorder there is no hassle with disc cartridges – neither for recordable nor for pre-recorded discs.

• i.LINK

You can connect DV and D8 camcorders and PCs with digital video editing facilities via the DigitalVideo input for the best possible video quality.

• Component Video Input

With component video you can record analog video at the highest quality level, exceeding not only CVBS but also S-Video.

• Disc bar

The display instantly shows you an overview of the disc contents, the current position and the play mode, so you always know where you are.

• Index Picture Screen

The recorder automatically creates a screen menu with an index picture of each recording, so you can immediately see what's on the disc, navigate to the title you want to see, and start to play – or record.

• Favourite Scene Selection

With FSS, you can select the scenes you want to see and the DVDVideo Recorder will skip the unwanted scenes at your command. You can view the selection on existing DVD players, too. Easy, single-disc, single-device editing.

• PC compatibility

The Philips DVDVideo Recorder uses the same discs as DVD+RW drives in PCs. What's more, the discs you record will play on existing DVD-ROM drives. And with the right software/hardware package for your PC, you can make sophisticated video edits on your DVD+RW discs.

Technical Specification

Programming

Number of events	6; 1 month; Daily/Weekly
Programming mode	OTR, Remote
Timer programming	Manual, VCR Plus+

General Functionality

- 3D sound (SRS TruSurround)
- Beep Feedback for Remote Control
- Backup Presets & Timer Events: 1 year
- Backup Clock & Calendar: 7 hrs
- Time & Date Download
- Automatic/Manual Audio Recording Level Control

Disc playback

- Auto Resume (20 discs)
- Play / Stop / Pause
- Fast Forward/Backward (3 speed)
- Step Forward/Backward
- Slow (3 speeds)
- Title / Track Select
- Next / Previous Title / Track / Chapter
- Repeat (Chapter / Title / All) or (Track / All)
- A-B Repeat
- Intro Scan
- Perfect Still with digital multi-tap filter
- Zoom (1.33x, 2x, 4x) with picture enhancement
- Pan
- Time search

DVD+RW Functionality

- One-Touch Record (OTR)
- Append
- Divide
- Erase
- Automatic/Manual Chapter Marker insertion
- Disc write lock
- Favourite Scene Selection
- Index Picture Screen for instant content overview
- Selectable Index Pictures

DVD-Video Functionality

- Multi-angle Selection
- Audio Selection (1 out of max. 8 languages)
- Subtitles Selection (1 out of max. 32 languages)
- Aspect Ratio conversion (16:9, 4:3 Letterbox, 4:3 Pan Scan)
- Parental Control and Disc Lockout
- Disc Menu support (Title Menu and Root Menu)

Video CD Functionality

- Playback Control for VCD 2.0 discs
- Parental Control and Disc lockout

Audio CD Functionality

- Time Display (Total / Track / Remaining Track Time)

Power Supply

Mains:	polarised (IEC)	
Power supply:	85.150Vac (117V nom) 50/60 Hz	
Power consumption	Operation	45 W
	Low-power standby	3 W

Cabinet

Dimensions (w x h x d)	435 x 110 x 330 mm
Net Weight	8.5 Kg
Front Panel	3mm Aluminium
Color	black

Pronto Pro Remote Control

- Universal remote for home theatre
- Learning
- Color LCD touch screen
- Rechargeable battery pack
- Docking base
- PC link cable and customization software

Package Contents

- DVD Video Recorder
- Universal Remote Control (see above)
- User Manual in English, French, Spanish.
- DVD+RW disc
- AC power cable
- Stereo audio cable (2x)*
- Video cable*
- S-Video cable*
- Component video cable
- Coax RF antenna cable
- * gold-plated plugs

Packaging

Colors	black printing on beige box
Languages	English (front, top, rear) French (left) Spanish (right)
Size (W x H x D)	596 x 210 x 400 mm
Gross weight	appr. 10 kg
Buffers	Polypropylene
