Twin Subs

Twin Subs give you:

- Increased bass performance due to downward firing woofers
- Enhanced accuracy because of real non-directional bass distribution
- Clean and easy set up with twin subs integrated in speaker columns

Cinema Center Speaker™

Philips Cinema Center Speaker™ brings:

- Wider sweet spot through no less than 5 drivers positioned at different angles
- More depth in sound through clearly distinguishing front from background, and action from dialogue
- Natural and crystal clear sound reproduction through the revolutionary new 2" full range woofers

Clear Voice™

For dialogue enhancement by clearly separating speech from action.

Progressive Scan: DCDi™ by FAROUDJA

This powerful display processor used by Philips has already proven to give:

- Amazingly sharper pictures, even on large screens
- Greatly reduced picture flickering, meaning extended viewing without eye fatigue

remote control
